SUPER REFLECTOR TECHNOLOGY

These direct and indirect fixtures come with Patented Super Reflector Technology which reflects at least 20% more light than any other fixture. It is perfect for lighting all type of indoor sport facilities in conventional buildings or air structures with ceiling 15 to 100 feet high.

Benefits

- ✓ The most energy efficient light.
- ✓ Replace 400 watt with T9 210 watts.
- ✓ Replace 1000 watt with T9 630 watts.
- ✓ Qualifies for Utility rebates.

Best Lights Super Reflector Technology equipped with Philips MasterColor Elite MW System offers an unrivalled level of light quality and performance. The lamp's sparkling white light creates a natural ambiance and brings out the best in all different types of colors. Additionally the high efficiency of the lamp and ballast together means reduced energy use and a lower cost of ownership.

Light quality

- 30,000 hr lamp life
- Silent dimmable electronic ballast
- Crisp, white light in 4200K
- Excellent color rendering of CRI 90+
- Stable color performance over entire life

Philips "Green Flagship Product"

- Low mercury, no lead
- Up to 120 lm/w efficient electronic ballast that uses less energy
