Acadia Denali

INTRODUCING THE DENALI OF CROSSOVERS

This year, Acadia joins the exclusive Denali family, and the results are striking. Acadia Denali features a sleek appearance and unique exterior styling cues. Exceptional interior acoustics, along with heated and cooled front leather seating surfaces transform its comfortable cabin into your own personal retreat. At 24 highway miles per gallon this vehicle is a dream to drive.

Acadia Denali features class-leading cargo capability and seating for up to eight passengers. Outside, a honeycomb grille, streamlined body side moldings with chrome accents, dual chrome exhaust tips and 20-inch two-tone chrome-clad wheels accentuate its athletic stance. Acadia has a StabiliTrak electronic stability control system that can sense vehicle speed, brake pressure, lateral acceleration, turning and even the position of your steering wheel to help keep you safe and in control.

Terrain

GOING THE EXTRA MILE TO MAKE THE MOST OUT OF EVERY INCH

Every inch of Terrain challenges the notion of what an SUV can be. It has the best highway fuel economy in its class at 32 highway miles per gallon, and fits into smaller garages and tighter parking spaces with ease. Every Terrain is equipped with a Rearview Camera System to help you navigate a driveway, backing up or tow more effectively. The demand for this vehicle is overwhelming.

Bold GMC Styling

Terrain takes a strong stance worthy of its professional-grade heritage — with squared-off corners, flared fenders, a prominent chrome surround grille and projector-beam headlamps mounted in large, rectangular chrome housings. Its clever MultiFlex rear seat slides to create 39.9 inches of class-leading rear leg room. Red ambient lighting is used on the cupholders and around the center stack to provide an inviting warm glow throughout the cabin and add convenience while traveling at night.

LaCrosse

THE NEW CLASS OF WORLD CLASS

LaCrosse ensures that half the fun of getting there is the sights and sounds you discover inside. Buick's QUIETTUNING process reduces, blocks and absorbs noise to make LaCrosse an acoustic haven. The laminated windshield, triple door seals, precise body panel tolerances and other acoustical technologies throughout help outside noises stay outside. The optional push button start is a modern way to ignite responsive performance. You'll find six air bags for protection and 30 miles per gallon of economic value.

The human touch — it is very much in evidence in LaCrosse.

Regal

ITS REPUTATION PRECEDES IT. 2011 BUICK REGAL

Driving enthusiasts typically associate elite sport sedans with European engineering. So which sport sedan earned European Car of the Year honors in 2009 and has established itself as the best-selling mid-size car in Europe? The Buick Regal. This car has already won 39 awards in 15 European countries. The 2011 Buick Regal also comes in a turbo that gives you all the power of a turbo with fewer fill-ups. This adrenaline-surging sedan provides up to 30 miles per gallon of fuel efficiency. Regal its arrival is a departure.
