TruBond 1000 (TB1000)	\$9.00	\$15.75	\$28.00	\$53.50	\$241.00

TruBond 1000 Simply the best tandermy paint-on tan your money can buy. Precision blended with the finest synthetic tan and oil. This product delivers superior stretch with virtually no drumming or pulling of the mounted skin. Like all TruBond products, it is low odor, safe and easy to use.

	Pint	Quart	½ Gallon	1 Gallon	5 Gallon
TruBond 1000B (TB1000B)	\$8.50	\$14.75	\$27.50	\$49.50	\$231.00

TruBond 1000B The first synthetically blended paint-on tan developed just for back skins and wall hangers. Traditionally skins of this type required hours of breaking to even come close to getting them soft...not any longer. This paint-on will produce an excellent quality skin, soft, with little to no breaking. Like all TruBond products, it is low odor, safe and easy to use.

Lubri-Stretch 1000 (LS1000)	\$9.00	\$15.00	\$27.00	\$49.00	\$230.00

Lubri-Stretch 1000 Highly concentrated, sulfated synthetically blended oil, that yields SUPERIOR stretch! When wet-tanning, it can be cut 4-1 with warm water. This oil is highly stable and can also be added to the pickle bath, if so desired. Its charge is **anionic**. Low odor.

	Pint	Quart	½ Gallon	1 Gallon	5 Gallon
Lubri-Stretch 2000 (LS2000)	\$7.50	\$13.00	\$24.00	\$45.00	\$199.00

Lubri-Stretch 2000 A high quality solvent oil replacement. This oil is specially blended for deep penetration and superior softness. Lubri-Stretch 2000 is recommended for use on any and **ALL** back skins and rug work. Its pH is 6, and its charge is **anionic**. Low odor.

	Pint	Quart	½ Gallon	1 Gallon	5 Gallon
Lipa-Solve 55 (LS55)	\$9.50	\$17.50	\$33.00	\$62.50	\$292.00

Lipa-Solve 55 A **highly concentrated** degreaser, this surfactant based degreaser can be used as a re-wetting agent in the rehydration bath, or as a stand-alone product in a de-greasing bath, only one ounce per gallon of water. Lipa-Solve 55 is also biodegradable, but is tough on grease and fat while gentle on the hair!

	Pint	Quart	½ Gallon	1 Gallon	5 Gallon
Lipa-Solve 77 (LS77)	\$9.00	\$16.00	\$29.00	\$55.00	\$241.00

Lipa-Solve 77 A great biodegradable solvent based product that can handle ANY de-greasing job you may encounter. A superior product for adding to your pickle bath; Lipa-Solve 77 has little effect on the pickles PH. This degreaser is highly concentrated, and REALLY only requires 1 oz. per gallon!

	Pint	Quart	½ Gallon	1 Gallon	5 Gallon
No-Harm Pickling Acid	\$6.00	\$10.75	\$21.50	\$39.00	\$181.00

No-Harm Pickling Acid For use as primary pickling acid or adjusting pH in a Citric Acid pickle. No-Harm Pickling Acid is very effective and non-hazardous. Do not allow No-Harm Pickling Acid to Freeze. Amount needed to achieve proper pH will vary depending on water hardness. Pickle solutions will generally require 1 oz. per gallon of solution.
